

ZOOM[®]

by AEROLITE

2007 Ultra-Lite Travel Trailers

**All Models Weigh Less
Than 3000 Pounds!**

ZOOM

by AEROLD

The next generation of ultra-lite travel trailers

Under 3000 lbs., *Zoom* can be towed by most midsize SUV's and minivans. The aerodynamic design and 7' wide body reduces wind drag to increase fuel economy.

Zoom may be light in weight, but it's not on features and value. All floorplans feature multiple sleeping locations and a full bathroom. Plus, *Zoom* features all the appliances found in larger RV's including a 2-burner cooktop, refrigerator, microwave, AM/FM/CD stereo, furnace and water heater.

***Zoom* - The smart choice!**

Premium Interior Design

Zoom features designer décors with luxurious fabrics, hardwood cabinet doors and residential vinyl flooring. Plus, storage is not compromised in *Zoom*. All models feature wardrobes, overhead cabinets and a spacious exterior compartment.

Comfortable and Spacious Sleeping Areas

Zoom's multiple sleeping locations are designed to be spacious and comfortable. The dinette folds into a bed and all models include a folding overhead bunk. *Zoom*'s floorplans sleep up to 5 people. Choose the model that's right for your family!

Easy-to-Tow and Easy on Your Fuel Bill!

Wreck loading - Every effort has been made to provide the greatest number of options for the traveler who wishes to. All weights shown are approximate and are not intended to be used as a basis for determining the load capacity of the vehicle. The maximum weight of the vehicle is limited by the manufacturer's specified maximum weight limits. Do not exceed the maximum weight. Net cargo capacity (NCC) is determined by subtracting unloaded vehicle weight (UAW) from gross vehicle weight (GVWR) and outside loads, tongue and steps. Load capacities and weights are approximate only. Warning: This information is intended as a guide only. Weights of individual vehicles may vary. Consult your vehicle manual for complete loading, weight and towing instructions.
